Says Woman's Beauty Depends Upon Health

Health and Vigor Necessitate Regulation of Organs of Elimination

Skin foods and face creams and powders cannot make a woman beautiful, because beauty lies deeper than that—it depends on health. In most cases the basis of health and the cause of sickness can be traced to the action of the howels.

of sickness can be traced to the action of the bowels.

The headache, the lassitude, the sallow skin, and the lusteriess eyes are usually caused by constipation. An ideal remedy for women, and one that is especially suited to their delicate organisms, is found in Dr. Caldwell's Syrup Pepsin, a mild laxative compound, pleasant to the taste and free from opiates and narcotic drugs of every description. Mrs. Gertrude Jordan, 522 North Liberty St., Indianapolis, Ind., says: "It is simply fine; I have never been able to find anythins to compare with Dr. Caldwell's Syrup Pepsin. I started using it for the baby and now it is my family standby in all cases where a laxative is needed."

Dr. Caldwell's Syrup Pepsin is sold in drug stores for fifty cents a bottle: a trial bottle can be obtained, free of Illinois.

The United Colonies First Thanksgiving

The annual custom of observing Thanksgiving dates from the year 1697 according to Henry Trumbull's History of the Indian Wars, published in 1846, instead of the form of the First Thanksgiving observed in 1622 by our forefathers in Plymouth. Indeed it was the custom of the early Governors to appoint a day for Thanksgiving and prayer in return for all their blessings. But it was for what was termed the "Miraculeus escape of the Inhabitants of Hadley, Mass., from Total Destruction, Owing Largely to the Bravery of a Small Band of Women" that an Annual Day of Thanksgiving became universal throughout New England.

It was during the terrible French and Indian Wars in the month of April in the year 1697, when the good men of Hadley had marched against the common enemy, that 500 savages surrounded the little town. The women, instead of giving up to the fear and terror of the hour mounted an 8 pound cannon that had previously been received by the town for its defence.

Truth in business is just as important as truth in every-day life; truth creates confidence, establishes good-will and builds a reliability that will not be wrecked by the storms of competition.
